For decades, ABN AMRO Private Banking has been at the heart of the ABN AMRO Group. The organisation strives to make more possible for its select Private Banking clientele, drawing on the combination of a mature local presence in many European countries, backed by the strength of a global banking group. In most countries its services are available via local ABN AMRO Private Banking offices. In France Private Banking services are offered by its subsidiary Neufilze OBC and, in Germany, by Delbrück Bethmann Maffei; each enjoys a heritage going back generations.
